

# Dramm Colorstorm Water Timer

RG15044-G

## Details

Conserve water and prevent over-watering. The Dramm easy-to-use automatic timer operates with a turn of the dial to the number of minutes you would like to water (from 5 to 120 minutes) then simply turn the water on. The timer counts down like an egg timer and shuts the water off with no battery to replace. Use on standard 3/4" GHT water hose. Green.

## Specifications

Manufacturer	Dramm
