

# Alloy Hollow Tine - .750MT x 4.750L x .660OD R108-9130

## Details

Like Standard Hollow Tines, this tine is also tubular and designed to remove a soil core, but they are constructed from a special high carbon alloy steel. The steel tubing is specially manufactured for R&R to achieve uniform hardness of RC45-48 throughout the tine for excellent wear and toughness. These tines are much tougher and resist bending in extremely hard or rocky soils and you can expect 3-4 times longer life than from the Standard Hollow Tines.

## Replaces

Toro 108-9130

## Specifications

|                                  |                  |
|----------------------------------|------------------|
| Manufacturer                     | R&R Products     |
| A - Tine Type                    | Alloy Hollow     |
| B - Tine Mounting Dia.           | .750 in (19mm)   |
