

2-1/2 PVC TU2K Viton Valve Retrofit RGRFK3025

Details

Easily converts any system over to all True Union 2000 style valves for consistent valve type and uniform maintenance. Special extended socket style End Connectors (2) allow retrofit replacement of other brand valves in existing piping systems with a new True Union 2000 valve. Simply cut out old valve according to specified dimension and install retrofit end connectors. End connectors are provided with either EPDM or FKM O-rings. Can be ordered as End Connector Kit or fully assembled Retrofit Valve.
