

J-B Weld Water Weld

RJB8277

Details

Permanently patch holes and cracks or plug and seal practically anything that leaks--even under water or a gas tank while still leaking. Surface does not need to be clean or dry. Water-proof, petroleum, chemical and acid resistant. Repairs metals, wood, fiberglass, Plexiglas, masonry, ceramics, PVC and ABS. Completely dries in 20-30 minutes. Can be formed, drilled, ground, tapped, machined, filled, sanded or painted. Safe for potable water. Cut off needed material, twist and knead with your fingers and apply. Interior/Exterior. Non-toxic. Grey. Made in U.S.A.
