

Putting Cup Retriever w/Setter

RP220

Details

Quickly remove any style putting cup from holes. Constructed of heavy duty steel and powder painted. Rubber pads press against cup interior to establish a firm grip on the cup. Straight removal of cup eliminates damage to turf edge around the hole. Retrieving mechanism available with or without cup setter. Simply drill two holes to mount to cup setter if desired.

- Removes cups without damage to turf edge
- Heavy-duty steel construction with powder-coated paint finish
- Drill two holes to mount to cup setter
