

Snake-A-Way Snake Repellent - 28 lbs

RP2922

Details

The only EPA registered and tested snake repellent in the world! Eliminate poisonous and non-poisonous snakes in your maintenance facility, yard, or shed. Sprinkle a 5 to 6 inch perimeter of Snake-a-Way granules around the area to be protected. The granules create an immediate interference in the snake's sensory system causing the nervous system to temporarily shut down. The snake will immediately turn his head and leave the area. For snake infested areas, broadcast or sprinkle over entire area. Safe for humans, animals and plant life. Ideal for rattlesnakes and copperheads. Effective 60-90 days. (Not for sale in AK, CA or HI).
