

Divot Master RP815

Details

Correctly repair ball marks or weave plugs back into the green with a simple one-stroke motion. So easy to use. Place the Divot Master over the ball mark and push down on the handle to allow teeth to penetrate the turf. Then, as the handle is pushed further, the teeth pivot in, gently pulling and lifting the sod back into original position eliminating the ball mark. Stainless steel.

- Correct greens damage quickly and easily
- Mechanical teeth penetrate the turf to reposition it gently
- Stainless steel

Specifications

Manufacturer	R&R Products
Material	Stainless Steel

Replacement Parts
